EDUCATION

• B.Tech, Information Technology

Nov 2022 – June 2026

Yeshwantrao Chavan College of Engineering, Nagpur

EXPERIENCE

• Full Stack Developer Intern | [Link](#)

Jul 2026 – Sept 2026

Nabham Tech

Nagpur

- Redesigned and developed the company's production website using **Next.js**, **JavaScript**, and **Tailwind CSS**, enhancing responsiveness and user experience while contributing to a **20% increase in user retention** and improved lead generation.
- Built a cross-platform mobile application from scratch using **React Native**, implementing **CRUD functionality** and an integrated **video recording feature** for capturing and managing user-generated content.
- Developed and maintained **PostgreSQL** database workflows supporting **500+ users**, including data creation, retrieval, modification, and deletion while ensuring reliable application-database integration.

• Frontend Developer Intern | [Link](#)

Jun 2025 - Oct 2025

The Living Pixel Labs

Nagpur

- Developed the company's official website from inception using **ReactJS**, **JavaScript**, and **TailwindCSS**, improving UI responsiveness by 40%.
- Created an AI-powered chat interface using **React Native** and **NativeWind**, which boosted user engagement.
- Integrated **Firebase authentication** for secure login/signup, accelerating onboarding by 50%.
- Optimized the mobile app UI/UX for the AI chat interface, enhancing intuitiveness and usability.

PROJECTS

• ShareVault | [Link](#) | [Github](#)

Jan 2025 - Feb 2025

NextJS, TailwindCSS, NodeJS, ExpressJS, MongoDB, VSCode

- Implemented end-to-end encryption for **text and file sharing**, enhancing data privacy by 100%.
- Developed code-based access and token-based authentication with expiration controls.
- Designed a responsive **ReactJS** and **TailwindCSS UI**, improving UX and accessibility by 40%.
- Integrated **MongoDB** with NodeJS/ExpressJS backend, increasing retrieval speed by 50% and secure transfer by 70%.

• MinesGame | [Link](#) | [Github](#)

Sept 2024 - Oct 2024

HTML, CSS, JavaScript, TailwindCSS

- Reimplemented the old Minesweeper game with the latest web technologies.
- Applied random mine placement logic through JavaScript for an unpredictable gaming experience.
- Built an interactive UI with TailwindCSS, providing a visually pleasing and responsive design.
- Managed game state management, such as win/loss conditions and unusual behavior.

SKILLS

• **Programming Languages**: C++, JavaScript, TypeScript, Python

• **Technologies**: NodeJs, SQL, Git, NextJS, ReactJS, MongoDB, TailwindCSS, HTML, CSS, Linux, AWS S3, Docker

• **Tools**: VS Code, Visual Studio

CERTIFICATIONS

• React Basics - [Coursera](#)

Apr 2024

• Version Control - [Coursera](#)

May 2024

• Programming with JavaScript - [Coursera](#)

Dec 2023

• Introduction to Front-End Development - [Coursera](#)

Nov 2023

ACHIEVEMENTS

• Solved **200+ Data Structures and Algorithms** problems on [LeetCode](#), demonstrating strong problem-solving and coding skills.

• Achieved **3-Star rating** in Problem Solving on [HackerRank](#)

• Attained **2-Star rating** on [CodeChef](#) with a maximum rating of 1538.
